GAT for Education Tailored for Teachers

Enhance your e-learning experience with GAT Labs. Our tools streamline classroom management, ensure student safety, and support academic integrity, helping educators to focus on what matters most—teaching. **Our Education Suite Includes:**

Improve Classroom Management and Student Safety

GAT+

- **Classroom Insights:** Get clear reports on how classes are doing to help improve student learning.
- **Chromebook Deprovision:** Easily manage your class's Chromebooks with quick deprovisioning tools.
- **YouTube Auditing (Channel Deletion):** Keep YouTube use safe and suitable with tools to check and remove channels.

Enhance Online Safety and Focus in Your Classroom

Shield

- **Real-Time Alerting:** Monitor what students are typing online during class to ensure they stay on task and safe.
- **Content Filtering:** Block inappropriate websites and content to maintain a focused and secure learning environment.
- **Activity Reports:** Get easy-to-understand reports on student online activity, helping you spot trends and manage classroom behaviour more effectively.

Boost Engagement and Maintain Classroom Focus

Teacher Assist

- **Live Monitoring:** See your students' screens in real time to keep them focused and engaged during lessons.
- **Interactive Student Communication:** Communicate with students in real time using live chat and make announcements during class. This feature supports continuous dialogue and fosters an inclusive classroom environment.
- **Assignment Completion Alerts:** Receive immediate alerts when students submit assignments, allowing for swift grading and feedback.

Assignment Integrity and Classroom Efficiency

Taskmaster

- **Detect AI-created Content:** Identify attempts at using AI tools to complete assignments. Ensure students are developing their own critical thinking skills.
- **Monitor Homework Progress:** Set submission deadlines for assignments and track students' progress in real-time.
- **Efficient Grading:** Quickly review, provide feedback, and grade assignments to keep up with classroom demands - all within a single, powerful tool.
