Strategic Partnerships

Our highlighted and curated list of partners offer a variety of solutions to help your organization thrive. See below for a sample of the types of solutions we offer:

Case Study: Nevada Ready 21 Program, Carson City, NV

LogicWing provided consulting and training for 28+ public and private middle schools in Nevada as part of statewide 1:1 technology and learning initiative. This enabled districts in Carson City, Las Vegas and Elko, NV to be prepared to deliver blended learning and also enabled them to be better prepared for remote learning during the pandemic. The website for the successful education department pilot program can be found <u>here</u>. Due to the success of program, the state now includes funding for Nevada Ready 21 in its budget.

City of Portland, OR Community Technology Project

"During summer 2016, CTL and (partner) LogicWing, provided...in-person leadership workshops for district and school administrators...digital learning summits for coaches and lead teachers, including "Transforming Learning" all day training for coaches, and Google Certified Admin training for IT staff. Sessions were held in Clark County, Carson City, and Elko County." -Nevada Ready 21 Project Status and Implementation Report

DaVinci Collaborative, St. James, NY

Client has been able to grow their workforce and their client based using Chrome devices and Google Workspace for Business. They can communicate and collaborate anytime from anywhere with Chrome OS.
